

closed captioning subtitling stenography and the digital convergence of text

Thu, 10 Jan 2019 13:40:00

GMT closed captioning subtitling stenography and pdf - Closed captioning (CC) and subtitling are both processes of displaying text on a television, video screen, or other visual display to provide additional or interpretive information. Both are typically used as a transcription of the audio portion of a program as it occurs (either verbatim or in edited form), sometimes including descriptions of non-speech elements.

Closed captioning - Wikipedia - Closed captioning is the American term for closed subtitles specifically intended for people who are deaf or hard of hearing. These are a transcription rather than a ...
